

The master bedroom is ideally situated with walk through closets, a plush private bath and its own deck, a perfect spot for an early morning cup of fresh coffee in the cool mountain air.

What first strikes you about the Ridgewood is the design team commitment to open space. The elegant living and dining areas with cozy fireplace and breathtaking panoramic views makes entertaining or simple relaxation a delight. The soaring ceilings, open loft and multiple skylights drench the Ridgewood with light, creating a spectacular living environment. Our roomy kitchen with ample counter and shelf space is a masterpiece of convenience. It comes equipped not only with full size frost free refrigerator, range and dishwasher but also the added bonus of a microwave, trash compactor, and dual sink with garbage disposal. On the way to the lower level you'll find a laundry room with space for a full sized washer and dryer.

As you will discover, no expense was spared in creating the lovely Ridgewood Townhome. It is quite simply a masterpiece in design which has it all.
